Bids not conforming to the eligibility criteria and non-submission of required documents as listed above will lead to summary rejection of the bid. Submission of forged documents will also result in rejection of the bid. Bidders are advised to study all instructions, forms, terms & conditions, and other information as mentioned in the RFP Document. The proposal must be complete in all respects, indexed and hard bound. Each page should be numbered and certified by the authorized representative. Failure to comply with the RFP requirements will result in outright rejection of the proposal.

9. Evaluation Process

QCBS method will be applied for selection of the Professional Agency. In deciding the final selection of the Organization/ Agency, the technical quality of the proposal will be given a weightage of 80% on the basis of criteria for evaluation. The price bids of only those Organization/ Agency who qualify technically will be opened. The qualified Financial Proposals with the lowest cost will be given a financial score of 100 and the other proposal given financial scores that are inversely proportional to their prices. The financial proposal shall be allocated a weightage of 20%. For working out the combined score, the employer will use the following formula:

Total points: $(0.8 \times T(s)) + (0.2 \times 100 \times \text{LEC}/\text{EC})$, where T(s) stands for technical score, EC stands for Evaluation Cost of the Financial Proposal, LEC stands for Lowest Evaluated Cost of the Financial Proposal.

The proposals will be ranked in terms of total points scored. The proposal with the highest total points (H-1) will be considered for award of contract and will be called for negotiations, if required. Example: If in response to this EOI, three proposals, A, B & C were received and the Tender Screening Committee (TSC) awarded them 75, 80 and 90 marks respectively, all the three proposals would be technically suitable. Further, if the quoted price of proposals A, B & C were Rs.120, Rs.100 & Rs.110 respectively, then the following points for financial proposals may be given:

A: $100 \times 100 / 120 = 83$ points

B: $100 \times 100 / 100 = 100$ points

C: $100 \times 100 / 110 = 91$ points

In the combined evaluation, the process would be as follows:

Proposal A: $75 \times 0.8 + 83 \times 0.2 = 76.6$

Proposal B: $80 \times 0.8 + 100 \times 0.2 = 84.0$

Proposal C: $90 \times 0.8 + 91 \times 0.2 = 90.2$

Proposal C would be considered the H1 and would be recommended for negotiations, if considered necessary for approval.

From the time the proposals are opened to the time the contract is awarded, the Organization/Agency should not contact the Client on any matter related to its Technical and/or Financial Proposal. Any effort by Organization/Agency to influence the Client in the examination, evaluation, ranking of Proposals, and recommendation for award of contract may result in the rejection of the Organization/Agency's proposal. Directorate of Horticulture Odisha may cancel the bid and reject all proposals the tender process.

SECTION: 3

TERMS OF REFERENCE

Introduction

Odisha stands as a prominent producer of Horticultural commodities in India. On production side, the Department has achieved a level. The Directorate of Horticulture in collaboration with Agricultural and Processed Food Products Export Development Authority (APEDA), has started for the first time, over 70 Quintal of Mangoes and fresh vegetables from Odisha were exported to different countries in Middle East and European Union by FPOs, first commercial shipment of fresh produce (Mangoes, Okra and Bitter gourd) via Biju Pattnaik International Airport (BPIA), Odisha. The produce crops were procured, aggregated and quality controlled by the local farmer producer organizations of the state. This has resulted in over 40% increased price-realization for farmers in the state and more than 52% price realization for farmers the sale of spices. As a result of increase in export orders to Dubai air cargo consignment limit has been increased by 100% (7.5 Quintal to 15 Quintal) in last three months by Biju Pattnaik International Airport. The initiative aims to significantly enhance farmers' incomes by providing access to larger, more lucrative markets while focusing on ensuring adherence to international quality standards and adoption of proper post-harvest management practices.

However, the horticultural value-chains face significant challenges due to the perishable nature of commodities. Further there is a gap on creation of post-harvest management infrastructure at back end i.e at farm level, and in consideration to this gap, the Department is proposing a scheme to provide integrated cold chain, preservation and value addition infrastructure facilities at sub-division level near the production clusters to reduce post-harvest losses of horticulture and non-horticulture agri-produce and ensure better income for the farmers. The need for integrated cold storage and packhouse facilities in Odisha is crucial for several reasons - reducing Post-Harvest Losses, boosting farmers' income by facilitating marketing and export, supporting agricultural infrastructure and promoting climate-friendly solutions to ensure sustainability and reduce the carbon footprint. These efforts can help to create a robust supply chain, enhance food security, and improve the overall economic condition of farmers in Odisha.

To scale up the export and marketing operations and to reduce the post-harvest loss of the Horti & Agri products, The Department of Agriculture and Farmers' Empowerment through the Directorate of Horticulture has come up with the "**Establishment of Cold storage facilities, Processing Units and Export oriented Integrated Pack Houses**" - a state funded scheme to be implemented within the next 3 years.

The Directorate of Horticulture plans to appoint a Project Management Agency (PMA) at state project management Agency (SPMA) for the effective implementation of the scheme and meeting the expected outcomes of the scheme in the next 3 years.

Overall Scheme Objective, Target beneficiaries and Program Outcome Envisaged

Objective

- i. To promote cold storage, value addition and processing of horticulture crops for remunerative commercial linkage at national and international markets and thereby ensuring remunerative prices to farmers and year-round availability of food products to consumers.
- ii. To reduce the post-harvest losses for horticulture crops and minimize the storage wastage.

Target Beneficiaries

- i. Agri-Entrepreneurs/Private agencies
- ii. Farmer Producer Organizations (FPOs)
- iii. Partnership/ Proprietorship Firms
- iv. Companies, Corporations, Cooperatives
- v. Central/State PSUs

Target Locations

- i. 58 subdivisions across 30 districts in Odisha

Expected Outputs

- Post harvest loss of horticulture crops reduced by >50% in the production clusters.
- Minimum 25% increased sales to export market both at national and international level.
- At least 30% increased price realization by farmers/FPOs/SHGs due to value-addition and processing.
- Contribute towards creation of employment opportunities in the rural areas through set up and management of PHM infrastructures.
- Increased awareness and adoption of post-harvest management practices among farmers/FPOs/SHGs.

2. Scale and Duration

The project will be implemented across 30 districts for a period of 3 years. The client shall sign the contract for a period of 3 years with required PBG as mentioned in Section 2, Clause No. 10 for the entire duration of contract. **Based on the requirements of the project, the contract duration may be extended for**

additional two years with annual escalation of 10% on the person-month rate quoted as part of the proposal.

3. Scope of Work

A Project Management Agency at the State level will be established and run under the Directorate of Horticulture for effective implementation of the scheme on preparation of operational guidelines for the Establishment of Cold Storage facilities, Processing Units and Export Oriented Integrated Pack House in all 30 districts in the state. It also suggests the Directorate of Horticulture appoint a nodal officer to communicate with the PMA in various aspects.

The activities wise work undertaken by the PMA is detailed below.
